Jib traveller control lines

### **Accommodation**

#### **Remarks :**

This is a superb example of the J/109 by J Boats. She benefits from a retractable bowsprit and asymmetric spinnaker system and Tacktick instruments. Being stable, easy to sail and a proven performance boat, the J/109 will not disappoint. She is designed with a very low VCG, long waterline and generous sail plan with the horse power for competitive racing and stability for relaxed cruising. The very popular J/109 regatta circuit in the UK and Ireland is testament to the dynamite performance of these boats and the people they carry. Factory Options Two tone deck, white with grey non-skid areas Removable bow roller Swimming ladder Additional ballast to optimise IRC rating Comfort pack including: Hot pressurised water Battery charger Shore power Sprayhood Navy Diesel heating Bunks in saloon Px welcome Finance available
