Remarks :

REDUCED - MasterCraft X-Star Salt Water Series (2008) c/w LY-6 6.0L 400hp engine. The MasterCraft X-Star is the same as it's always been, and that's the best compliment we could give this boat. Loaded with extra ballast, an upgraded engine and the right prop, the X-Star is simply one of the best wakeboarding boats ever created. It pulls numerous tournaments, including the MasterCraft Pro Wakeboard Tour, and is the preferred boat of many pro riders. Its revolutionary stair-stepped bottom hull creates great, long wakes that are ideal for pro-level riding. This model is presented in excellent condition.
