Accommodation

3 x single berths and 1 x double berth in 1 cabin. This boat has the dinette layout with a convertible double berth in the saloon. Two forward bays can be made up as a double.

The vessel has 1 Jabsco Parr heads and one hand basin with foot operated water pump. There is a stainless steel galley sink with hand operated water pump supplied via carbon filter, and a Plastimo "Neptune" gimbaled cooker with 2 burner hob, gas grill and gas oven, all with fail-safe burners.

The interior is constructed of teak faced plywood.

Remarks :

Brokers Remarks

This is a fine example of the Nantucket Clipper designed by Alan Buchanan and built by Offshore Yachts Limited in 1978, with only three owners from new. She is well presented and has been beautifully maintained by those with the pleasure of owning her. This model of boat is well known for being strong and very capable out at sea. These yachts are comfortable to sail and make a fantastic family cruiser. 'Anegada,' named after the island, has been extremely satisfying in term of both owning and sailing with her current owner now offering her very reluctantly for sale. She has cruised around many areas and many happy memories have been made of sailing around Cherbourg, Alderney, Guernsey, Solent, West of England, Southern Ireland, The Isle of Man, Northern Ireland and also Scotland. She is a very safe boat in adverse conditions.

She has recently been serviced and full title and service history are available.

Viewing is highly recommended, for all viewings please contact Network Yacht Brokers Conwy
