Remarks :

This Nic Bailey CoolCat 26 is available from Network Yacht Brokers Plymouth, it is an extraordinary opportunity to be the owner of this uniquely designed catamaran.
Nic Bailey had the vision for a sleek racing catamaran yacht that is under 3 feet, it would offer little comfort, but the design focused on out and out performance.
The Coolcat 26 catamaran is a very stiff lightweight yacht, there is an excellent cockpit and deck layout which is easy to move around.
Below deck she has two double berths that are comfortable along with a seawater toilet, she is quite sparse below decks, but you have to remember she has been designed for speed!
The Nic Bailey Coolcat 26 is now available to view on the hard standing, so please contact Network Yacht Brokers Plymouth to arrange a viewing.
