Remarks :

This Bayliner Sunbridge 265 sports cruiser is a very clean well maintained boat she has

serviced regularly & mostly been winter stored on the hard standing with the Tonneau winter cover fitted. She also has a removable canvas sun canopy/full cockpit enclosure which is great for those cooler days as it gives all weather protection. The Bayliner 265 also has an integrated swim platform with retractable swim ladder & transom gate for easy access. This is great when berthed stern too as the platform is easy to jump on & off. She has an electric anchor windlass which makes life anchoring a breeze, the owner has also added a Raymarine Dragonfly 7 during the summer of 2016, this is a GPS, fishfinder & echo sounder all in one unit, you can also buy C-Map charts for it as well. She is powered by a Volvo Penta KAD 32 170hp supercharged engine, which is extremely economical, this was one of the best engines that Volvo Penta manufactured. She planes quickly & easily even when fully loaded & is extremely economical!!

The Bayliner 265 sports cruiser berths five with spacious interior layout and 6'3" headroom, she is well-equipped internally with good accommodation heads & galley. Her inventory below decks is very good she has a microwave, electric hob, refrigerator with ice box hot & cold pressurised water, there is an excellent sized heads with shower all with hot water. There is ample storage and the saloon table converts to give a large double berth.

The owner has a genuine reason for the sale as the family would like to move onto something larger after having a great introduction to boating with this Bayliner.
