Mechanical and Rigging

CONSTRUCTION

Deck Salon
Long Keel
Raised poop deck
Transom Stern with bathing platform and locker space.
Ideal dinghy access
Knuckled line bilges
Skeg rudder

A new stern section with bathing platform fitted between 2003 - 2004. Stern designed by Borghegn Yacht Design (designers of several Motiva Yachts), and building carried out at Bdr. Petersen Shipyard, in Gilleleje, Denmark.

Rockwool insulation of 50 mm thickness from a little below waterline level and above.

Renovations carried out to the yacht in 2007 while yacht in Denmark

Cabling and switch panels for 12 & 220 V placed new between 2008 – 2009.

Originally yacht built with Interior steering station which was removed by current owners due to poor visibility from the interior.
