**Flybridge**

Helm Seat  
Double seat which converts to sunbed  
Fly Bridge Tonneau Cover

**Remarks :**

Sealine F34 is a remarkable boat using innovative technology the design team have created a

boat that offers exceptional living space with the added benefit of a fly bridge for the sunny days, and extending rear sundeck allowing plenty of room for entertaining guests or just relaxing and enjoying yourself, with family. She has been well maintained and is presented in a very clean and tidy state. She benefits from a fish finder and teak decking on the bathing platform and up the steps to the fly bridge. The flybridge has an additional canopy for when the weather is not so kind however with the sliding patio style doors on the main saloon this would not interfere with your enjoyment even when it starts to rain. This boat won't be on the market for long as viewings are highly recommended.
