Mechanical and Construction

Manufacturer Provided Description

The **HABER 660M** is a comfortable displacement motor yacht. It is the right yacht for both short cruises on coastal waters and for longer journeys on inland waters. Due to the harmonic lines of the hull, the HABER 660M offers exceptional course stability and excellent manoeuvrability. It is suitable for inland and coastal waters. The high and well-glazed superstructure provides for a standing height in the cabin of 1.85 m and an exceptional visibility during navigation. The yacht has the CE certificate in category C for coastal navigation and it cannot capsize. The layout of the interior guarantees comfort unequalled by any other yacht this size. HABER 700 MSD provides for large storage space. In the forepeak there is a double berth, and the other one, also double, is created in the cabin after lowering the table. There also is a comfortable galley and a separate toilet-room, optional with shower.. The HABER 700 MSD enables up to 4 people to live in comfortable conditions. The recommended drive is a stationary Diesel engine (5-25 hp) with a traditional shaft, to be installed under the cockpit.

Inventory

Accommodation

In the forepeak there is a double berth, and the other one, also a double, is created in the saloon after lowering the table. There also is a comfortable galley and a separate enclosed head.

Remarks :

Haber 660M motor yacht for sale. The Haber 660M is a comfortable displacement motor yacht that is easily trailerable. The Haber 660M offers exceptional course stability and manoeuvrability. It is suitable for inland and inshore coastal waters. The high and well-glazed superstructure provides for a standing height in the cabin of 1.85m and superb all round visibility.

The interior is very light and airy with 6ft plus of headroom. There is a good sized double berth forward and the saloon makes a second double. There is a nice sized galley and a separate enclosed heads with hand basin and shower. The Vetus inboard diesel engine has only completed 667 running hours.
