### Manufacturers Description

#### SEGUE 55 FLYBRIDGE

There are many details that make the NEW SEGUE 55 FLYBRIDGE incomparable with what exists today in the nautical market. This new project of the Segue Shipyards privileges the sinuosity of the aggressive external lines thus transforming it into a boat with a modern and unique style, which makes other boats in its category visually out of fashion. In the NEW SEGUE 55, the wide spaces were valued, its large main cabin located in the centre of the boat with excellent interior heights and the large side windows that allow a greater entry of natural light make this boat an exceptional cruise.
