## **Information**

To design the Sun Odyssey 410, Jeanneau reached out to long-standing design partner Marc Lombard, who was assisted by Jean-Marc Piaton. Together, they delivered on the challenge of bringing the classic Jeanneau styling into a modern yacht. Like the 440 and 490, the Sun Odyssey 410 features a generous beam and walk-around deck, ensuring deck life is comfortable and spacious, either underway or at anchor. Simple sail handling is ensured through the use of an integrated bow sprit, inboard winches, and recessed wells for controls.

The Lombard-designed, hard chine hull combined with a high aspect cathedral rig, ensures this boat delivers on its high performance aspirations. The reverse bow line significantly reduces drag, while giving the boat a distinctive look. In addition, careful consideration has been put into weight distribution and balance in the sail plan, bringing a new level of performance to the Sun Odyssey line. Even the most competitive sailor will love the speed, responsiveness, and ease of handling while at the wheel.

In addition to higher performance than ever before, the Sun Odyssey generation delivers comfort like never before. The high-volume hulls allow for bright, comfortable interiors. Like the Sun Odyssey 440 and 490, the 410 features a contemporary, central galley that is ultra-functional and with an abundance of storage. The central daybed, perfect for relaxation, is unique to the 410 and a key feature in this cosy saloon. A large, fully functional nav station to port provides plenty of room for serious navigation as well as additional electronics.

This 410 is configured with a 3-cabin arrangement with queen-size berths. It is configured with the aft head and an additional head forward in the master cabin. Both heads offer separate shower compartments. Whether overnighting, entertaining, or day sailing, the Sun Odyssey 410 strikes the perfect balance between performance and comfort.
